

E0007 EHF Base Wiring Outputs

E0007	Version 1	Electricals	17 Aug 04
-------	-----------	-------------	-----------

Following is the EHF base layout and pin output for part number EL-27677. Note that Steelbro have used different suppliers for these bases. Each supplier has a different input terminal position however ALL bases have the same output positions.

Note: Above view is of a Danfoss base.
