

E0019 Relay Position and Labels for Series 3a Control Box (non PCB)

15 Nov 07	E0019	Electrics	Version 1
-----------	-------	-----------	-----------

This document shows the positions of the relays in the Series 3a Control Box and what they are all for:

The photo above shows three banks of relays labelled A, B and C. Cross reference these with the drawing below: (note that bank A is vertical in control box but shown as horizontal on diagram below)
